Mr. A. Eachara Menon *(Chittur-Rural):* In the notes given it was said that there were many cases in British parts. May I know the reason?

Mr. A. Madhava Prabhu *(Diwan Peishkar):* There were increased numbers of cases. We had to file a number of suits for the recovery of *pattom* and *michavarom*. Some amounts are going to be barred. We thought we could recover without going to a court of law. We found it impossible. Then there were some revision petitions to be filed in the High Court from the orders which went against our anticipations in the lower courts with reference to the question as to whether certain categories of payment did come within the Agriculturists' Relief Act or not. For that we had to incur expenditure. It was not anticipated to the extent to which we had to incur.

Mr. C. V. Iyyu *(Kunnamkulam):* On a point of information, is there not a proposal to sell all these lands?

Mr. A. Madhava Prabhu *(Diwan Peishkar):* The question is still under consideration.

Mr. President : It has been dropped.
